These grants were previously offered as Art Project Grants. Aligning with Utah Arts & Museum’s strategic plan, this grant now provides a funding opportunity for additional types of projects from museums, arts organizations, and other nonprofit entities. The purpose of Cultural Vibrancy Project Grants is to enable organizations and groups to develop cultural-based projects that are open and accessible to the general public. Cultural Vibrancy grants provide support for projects that help showcase the richness of our cultural community, which includes the following disciplines: Arts (dance, folk life, literary, media arts and film, performing arts, public art installations, theater, visual arts); Museums (arts, botanical, history, natural history, science, zoological); Historic Preservation (service and education of architecture with a focus on the artistry involved in creating historic buildings. Neither restoration nor preservation of buildings, landscapes, nor objects is supported by this grant). Applications from organizations that do not have a cultural mission, but are producing culturally significant work will be considered.

Organizations that have already received an FY20 General Operating Support or Arts Learning Grant from the Utah Division of Arts & Museums are NOT eligible for this funding.

Examples of Cultural Vibrancy projects include: the artistic, cultural or heritage component of festivals, exhibitions, workshops/classes, creative aging, providing art experiences to veterans, creating a community mural under the direction of an artist, creating new curriculum, fostering preservation of cultural traditions of a refugee population, offering special projects that highlight a new exhibit/program, creative endeavors tied to community revitalization, or other innovative projects that advance arts and culture in a community or geographic region, and has a strong
public component. If you have questions as to whether your proposed project might fit, please call the grants office for guidance.

The culminating performance, project, or presentation must take place between January 1, 2020 and August 31, 2020.

All Cultural Vibrancy Project Grant applications are competitively reviewed. Organizations are not guaranteed funding from one year to the next.

WHO CAN APPLY?

- 501(c)(3) nonprofit organizations
- Municipalities or government agencies
- Correctional/juvenile facilities, social service agencies, libraries or community centers
- Fiscally sponsored projects with a community focus
  - If the mission of the applicant organization is primarily arts or museums, you should consider applying for UA&M General Operating Support grants instead of the Cultural Vibrancy Project.

*Please note: We do not fund L3C, for-profit organizations, or individuals in this category.

**REVIEW PROCESS**

Grants made by the Utah Division of Arts and Museums support arts, museum, and cultural experiences in communities throughout Utah and are intended to provide Utah residents with opportunities to participate in cultural activities. Grant panels work diligently to evaluate grants based on cultural merit, sound fiscal management, and ability to reach a broad community.

A panel of peers will review and score the applications based on the criteria in the guidelines. The process is overseen by staff and board. Grant awards depend on the number of funding requests, how the applicant scores in the review process (with attention paid to regional, rural, and state-wide distribution of state funds), and the total amount of funding available. Arts & Museum Board members review and approve final funding recommendations. Following board review, applicants are notified and contracts are sent via email. Applicants must sign and return contracts before payment can be made. Funds are not available until after December 1, 2019.

**ELIGIBILITY POLICIES**

- Organizations may only receive one Utah Division of Arts & Museums grant per fiscal year. If your organization has already received an FY20 grant, do not apply for this grant.
- Utah restricts its funding to organizations based in and primarily serving the residents of or visitors to Utah.
- Grant requires a minimum of a 1:1 match. New for this grant: this grant may be matched by an all cash match, or up to 25% of the match may come from in-kind contributions. This means that if you are applying for $2,000, your organization would need to have either a minimum of $2,000 in funding from other sources (cash match) or $1,500 in a cash match and $500 in verifiable in-kind contributions of volunteer time or supplies. Cash matches
come from earned or raised income. A cash match can be used to pay for items that UA&M is unable to fund. The match must be directly related to this project.

- Charitable Solicitations Permit: Unless otherwise exempt, all organizations that solicit funds for a charitable purpose are required by Utah law to register as a charitable organization with the Utah Division of Consumer Protection. In your application (if you are not a government agency or educational institution), we will ask you to provide a copy of your current Charitable Solicitation Permit. You must upload either a current CSP or a brief explanation of your exemption. If you have questions about whether this applies to your organization, you can read the law or contact the Department of Consumer Protection. The application for permit is not considered proof of registration.

- All organizations applying for grants must have a DUNS number. For more information on applying for a DUNS number, click HERE.

- Indirect costs for facilities, administration, or other overhead are restricted to the federally-negotiated indirect cost rate or the de minimis cost rate, not to exceed 10%.

- UA&M funding received from this FY20 grant must be spent between January 1, 2020 and August 31, 2020.

- Final Report: Final reports are due September 15, 2020. If your organization fails to file a final report to the division, you may be required to return the funding.

Educational Institution Eligibility. Universities, colleges, and educational institutions are subject to the following restrictions:

- Programming for which grant funding is sought must be open to the general public and easily accessible. The public (meaning those outside the institution) must compose a significant percentage of those involved in or served by the activities.

- Academic awards and/or work, including fellowships, scholarships, or tuition fees for student work, are not allowed.

- Events and services funded by the grant must be supplementary to regular curriculum. Grant funds cannot be used to support projects involving classes or workshops for which college credit is given.

- Overhead expenses must follow the federal funding guidelines set by the Federal Office of Management and Budget.

- Institutions are limited to no more than one grant to the same academic department in any given fiscal year.

Legislative Pass-Through/Direct Line-Item Funding. The following criteria apply to organizations receiving pass-through or direct line-item funding (also known as legislative appropriations).

- Organizations that receive ongoing legislative pass-through funding for operating support are not eligible for UA&M grant funding.
POPS, iSEE, and State Museum Funding are not considered pass-through funding that is a duplication of funding by UA&M grants.

Organizations that receive one-time legislative pass-through funding for operating expenses shall not receive UA&M funding in the same year they receive legislative pass-through.

Grant requests from organizations that receive one-time pass-through funding for a specific project may be subject to review for eligibility by the Executive Committee of the Utah Arts Council or Office of Museum Services Board. Funds allocated by line-item pass-through from the legislature and UA&M competitive grants shall not be for similar activities.

Organizations that receive a pass-through allocation from a department other than Heritage and Arts may be subject to review by the Executive Committee of the Utah Arts Council or Office of Museum Services Board if the activities seem similar to a grant application in the same year as the allocation.

Organizations that receive pass-through funding for capital projects are eligible for UA&M funding.
