**SCORED SECTIONS OF THE APPLICATION**

If you are applying as an organization with a budget UNDER \$300,000, you will notice that the narrative text questions have a character limit of 1,500 to 2,000, which is approximately a long paragraph. It is our intent that these smaller character limits will save you time in the long run. We want you to provide strong narrative answers, but you can be brief. Try to include as much detail as you can without being too wordy. Take the time to really get “to the point.” This will make for a better experience for you (as the grant writer) and for the panel evaluators.

**Please note: some questions will apply to all applicants, and some will be specific to either arts organizations, local arts agencies, or museums. If there is NOT a notation before the question, the question requires a response from all applicants.**

**ARTISTIC EXCELLENCE (35%) – Arts Organizations & Local Arts Agencies**

Artistic excellence demonstrates the organization’s potential to create art that meets the highest standards of excellence, engage the public with diverse art forms, enable participants to acquire knowledge or skills in the arts, and/or strengthen communities through the arts. What constitutes artistic excellence may vary in relation to the organization’s mission, audience and community. Artistic excellence and artistic merit are the criteria by which artwork will be considered, taking into account general standards of decency and respect for the diverse beliefs and values of the people of this state.

**MUSEUM BEST PRACTICES (35%) - Museums**

The panel will review the grant based on the evidence the application provides about how this funding will help the museum care for and manage its collections, develop quality educational resources such as exhibitions and publications, and provide access to its collections.

<b>What We Ask</b>	<b>What We Are Looking For</b>

In order to save you time, there is no character limit for this question because we want you to be able to provide your standard executive summary. However, do NOT use this to answer things that do not fit under other questions or indulge in unnecessary verbosity.</p>

How do you choose what to offer to your community, select teaching artists, follow certain artistic standards, etc. The shift to two year grants will influence how you answer this question. We do not expect that you will have your seasons or schedules planned for two years, but we want to understand your artistic process (up to 1,500 characters).</p> <p><b>-OR-</b></p> <p><b>For Museums:</b> As the state museum service agency, we will be funding museum that are preserving, protecting, and sharing collections</p>

If you would like to submit weblinks, please create a PDF document with the weblinks and a brief description of the work sample as well as a time stamp for where the panel should begin viewing if you upload a long sample. No more than 3 samples total, and each sample should be no more than a few minutes long. The samples should be reflective of the type of work that you are doing, for example if you are a theatre company, a short video of your work will be much more useful to the panel than a past program. **For Museums:** Documents such as annual reports, photos, and web links can convey messages that words cannot. Use this upload tool to support the claims that you make in the answers to the first two questions in this section. You can only submit 3 samples. These samples should reflect current programs, educational offerings, marketing material, or instances of best practice, such as a newly revised collections policy. Make sure any links you submit work correctly and are as high-quality as possible. If you want to provide web links, attach a PDF document with the URL link(s) and a brief description of each link. A weblink counts as a sample, and remember that you may provide no more than 3 samples.

### **COMMUNITY ENGAGEMENT (35%)**

Community engagement demonstrates the organization's efforts to understand and serve its community, its efforts to be inclusive of individuals, the community's support of the organization, and why the organization deserves public funding.

Note: Our agency has adopted the following definitions for I.D.E.A from the American Alliance of Museums as described below. Please refer to these definitions as you answer the questions in the Community Engagement Section.

**INCLUSION** refers to the intentional, ongoing effort to ensure that diverse individuals fully participate in all aspects of organizational work, including decision-making processes. It also refers to the ways that diverse participants are valued as respected members of an organization and/or community.

**DIVERSITY** is all the ways that people are different and the same at the individual and group levels. Even when people appear the same, they are different.

## FY21 GOS APPLICATION QUESTIONS (BUDGET UNDER \$300,000)

### UA&M PRIORITY HIGHLIGHT QUESTION (ADDITIONAL CONSIDERATION)

**Question Asked:** Please tell us about exceptional work your organization has done within the past two years in **one or two** of UA&M's strategic target areas (listed below; up to 2,000 characters).

**What We Are Looking For:**

We hope you will brag about something you are particularly proud of in your work!

Please only write about **one or two** of the focus areas (below). We want to know about your best work, and if you try to cover all six areas, you are likely to dilute your story.

## FY21 GOS APPLICATION QUESTIONS (BUDGET UNDER \$300,000)

This section will be ranked. Additional funds may be added to a base award to help you with the good work you are doing. Even though there may be some overlap in how you describe the work you are doing from any of the earlier questions in this grant, we hope you will thoughtfully answer this question and not just copy and paste from your previous responses. Please be specific in your answer and support your narrative with evidence. You may upload additional documentation to support your narrative in the subsequent question.

### Target Areas:

- Services in, and to, rural Utah (all counties but Weber, Davis, Salt Lake, and Utah).
- Programming to serve those from culturally/ethnically diverse populations, new Americans, senior citizens, etc.
- Contributions to the economy: You may provide evidence of economic contributions. The grants staff will also be using an economic contribution evaluation tool that was designed for UA&M by the Kem C. Gardner Institute. This tool uses a national tool called the IMPLAN multiplier, county information, and employment information. The Kem Gardner Technical Memo is available to our constituents upon request.
- Accommodations to provide greater access to your programming to those with disabilities (cognitive and physical).
- Demonstrating a commitment to providing fair access to your programs and services.
- Creating inclusive programming where those invited actively participate in the planning and enjoyment of the activities.

### Why are we asking this question?

Arts and museums are a vital part of a healthy economy, and as Utahns, we are proud of our cultural landscape. Making arts and museums accessible to Utahns of all cultures and abilities is a priority for UA&M, as outlined in our [Strategic Plan](#). The priority to serve all people represents best practices. Involving individuals from varied or historically underserved populations and/or organizations in the planning, implementation, evaluation, and follow-up of your programs helps ensure relevance and increases your audience participation. By making Utah's cultural programs, activities, information, and facilities usable by all people, we open the doors to new and expanded audiences. Providing opportunities in rural areas is also vitally important and is a priority

of Governor Herbert and our legislators. Organizations that are doing good work in any of these target areas may receive additional money to support this work.
